

FROM THE OFFICE OF THE EDITOR IN CHIEF

Dear Sir or Madam:

This is to certify that Mr./Ms./Mrs./Dr. ....

Consulted me on: .....

In my opinion he/she is not fit for work on: Friday, April 29, 2011 .....

He/she will be fit to resume duty on: Monday, May 2, 2011 .....

Nature of illness: A severe case of Royal Wedding Fever. She will be compelled to watch The Royal Wedding surrounded by friends in person and online on April 29th. Symptoms include obsessively refreshing facebook.com/brides, tweeting at #bridesroyalsleepover, refusing to remove her feathered hat, and insisting her closest friends sleep over at her place, kid-style. Sufferers should stay home from work and stay online the day of the wedding, as it starts impossibly early. Symptoms should pass within 24 hours and normal activities may be resumed.
